Dedication

There is no more noble profession than teaching. The 1987-88 edition of the Golden Wildcat is dedicated to Mr. Jimmy D. Brown, a professional teacher. Mr. Brown has served as an Instructional Resource teacher at Melrose High School for approximately 15 years. His patience and conscientious desire to REACH and TEACH those students with special needs is admired by both faculty and students. Mr. Brown is quiet, unassuming yet cooperative and effective as a teacher. He is positive, committed and self assured. These qualities are reflected in his students.

They find their way to his heart;
He guides their lives day by day.
New freedoms and new tasks he gives,
To help them find their way.
He is a TEACHER.

To the Class of 1988:

The administration, faculty, student body, and community proudly extend our sincerest congratulations on having successfully completed twelve years of public education.

During your tenure at Melrose you were taught to strive for excellence in all of your endeavors. This effort must continue as you prepare to assume your responsibilities as productive citizens in a modern and ever changing world.

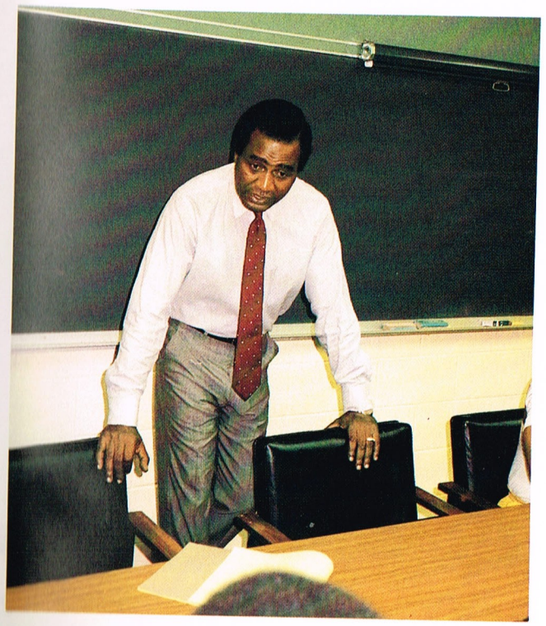

It has been an honor and a pleasure to participate in the educational growth and achievement of this class.

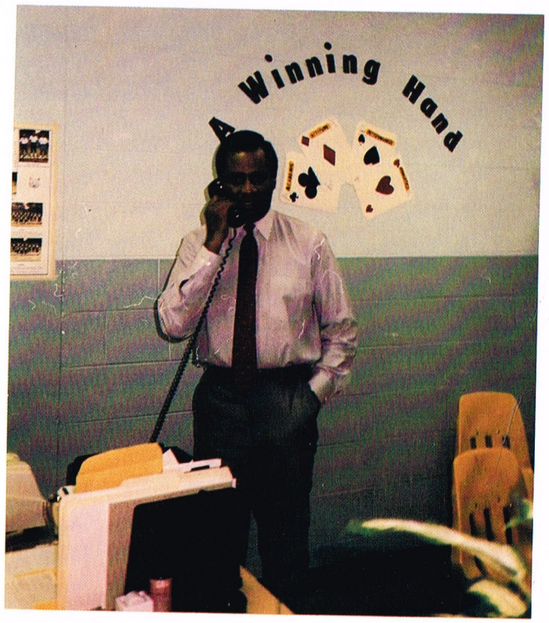

Since I regard you as being special, I shall look forward, in the years ahead, to observe with pride your achievements and noteworthy contributions to society.

My prayers and best wishes go with you.

Administrative Assistants

Congratulations Class of 1988 —

Life can be beautiful when dreams become a reality. For the past four years many of you have been involved in the dream making business. You have been exposed to a rich, intimate learning experience, designed to prepare you for life and living. Soon you will take a giant step into the real world of hard knocks and bitter tears, but you are prepared. You will take a step from cowardice to courage, from uncertainty to self-assuredness.

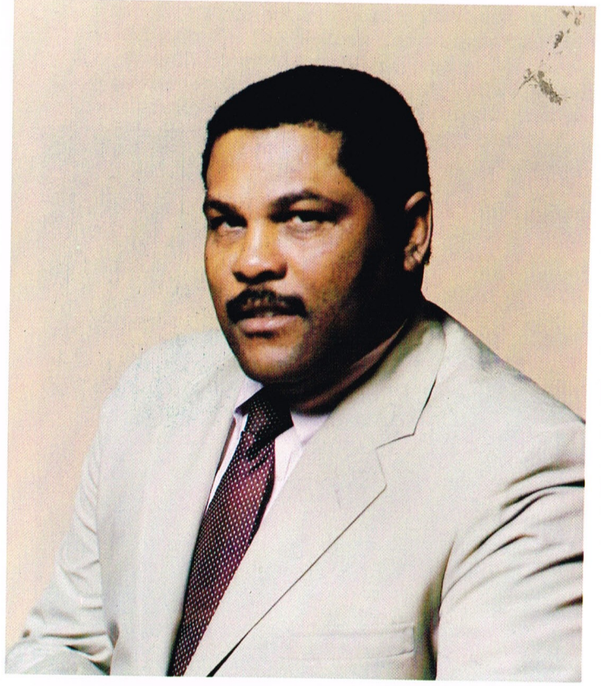

Your dreams of a better tomorrow will become a reality because you are determined to make it so. You will experience peaceful living, progress and racial harmony, because you know the originator and the creator of dreams as one in the same.

May the peace and love of God be with you always. May He grant you the dreams of Joseph, the faith of Abraham, and the wisdom of Solomon.

Special

I know this page says special. But special does not always have to mean friends, teachers, or classmates. There are other special people in our lives we've never recognized or thanked for helping us achieve such a glorious goal. I would now like to speak for the entire senior class of nineteen eighty-eight.

We have worked for this hard and long.
We kept on working when things went wrong.
We made up our minds twelve years ago.
Now it's time for all that hard work to show.
We've made our parents proud, made them feel good,
but all along they knew we could.

All it took was effort and determination
Now it's paying off time, time for graduation.
We aren't about to stop here and now.
We've got spirit, spunk, and we know how.
We can be doctors, lawyers, nurses, and teachers.
Now-a-days we might even become preachers.

We've accomplished a great goal in twelve short years,
we deserve all the praises and all the cheers,
They knew we were capable of it,
for they never gave up, they never said, "Quit."
We've got a great life ahead of us.
We must set our goals, achieve what we must.
Never let anyone put us down.
We are the stars, we deserve our crown.
We've made our parents proud, but there's a lot more left.
Now is the special time to take pride in ourselves.

Guidance

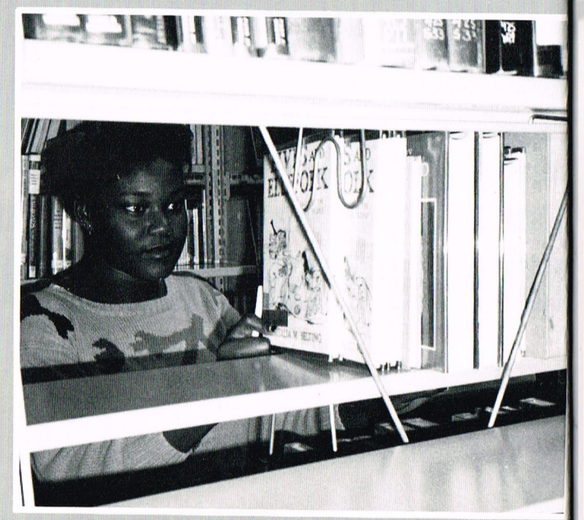

The counselors of Melrose High School attempt to assist students in reaching their fullest potential through a Developmental Guidance Program. This program consists of the following services: assisting students' strengths and weaknesses, assisting in decisions making, developing positive attitudes, selecting a course of study in high school, assisting students with personal problems, assisting students in making career and educational decisions, and developing talents and abilities.

Media Center

The Melrose Library Media Center is one of the most comprehensive in the state of Tennessee. It contains a large inventory of both printed and non-printed audio-visual materials and equipment. The center can accommodate two classes in the main area. It has a large viewing room and ten study rooms for individual or small group use. The reference section provides much historical as well as current information.

Army ROTC

Army Junior R.O.T.C. is offered to students fourteen years of age or older at twenty-six secondary schools in Memphis, Tennessee. All courses include instruction in Army oriented subjects, and each has a standard organizational structure to develop student-cadet leadership under the supervision of a Senior Army Instructor. Individual and team competition is offered through rifle markmanship, orienteering, and both male and female drill teams.

The objectives of the art department at Melrose are to enrich the minds and enchance the creative skills of the students, enabling them to become more appreciative of the arts. This course will provide a foundation for those students pursuing a career in the arts, whether as an art teacher, painter, sculptor, or commercial artist.

Auto Body

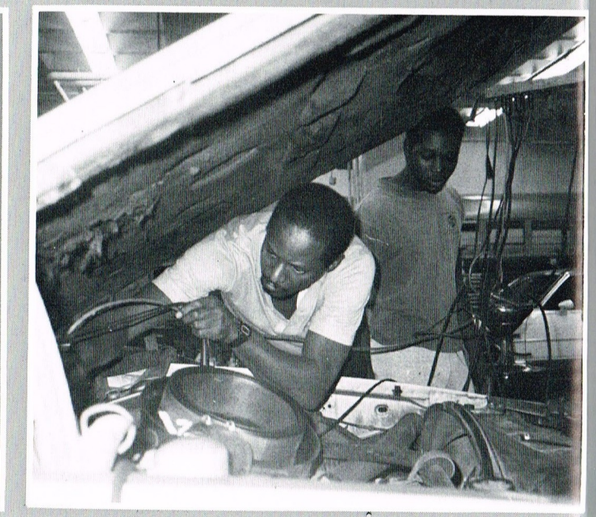

Auto Body is a course designed to give students hands-on training in the repair of damaged vehicles. Students gain experience in welding, working sheet metal, straightening frames, and various types of painting. Upon the completion of this course, students possess job skills for entry level positions in the field of auto body repair.

Auto Mechanics

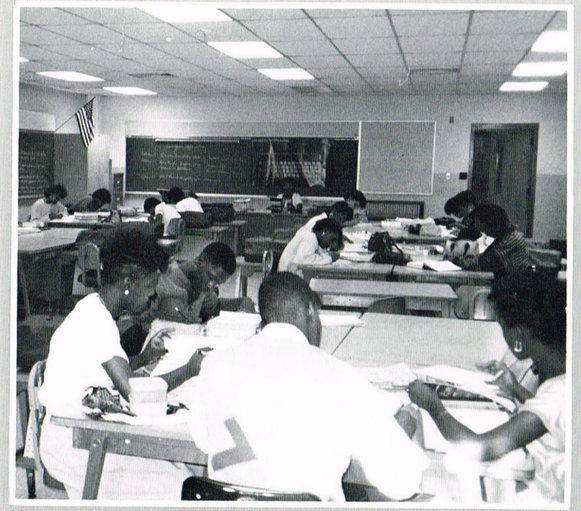

Auto Mechanics offers introductory and advanced courses designed to teach students the use of hand tools, automotive electricity, and the function of automobile parts. Students receive instruction in automobile engines, alignments, tune-ups, auto diagnosis, and general automobile servicing. Instructional activities include patron work on automobiles which allows students to gain practical experience.

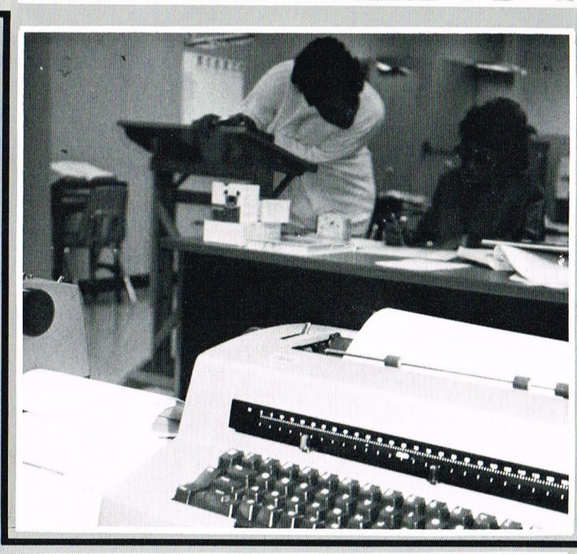

Business Education

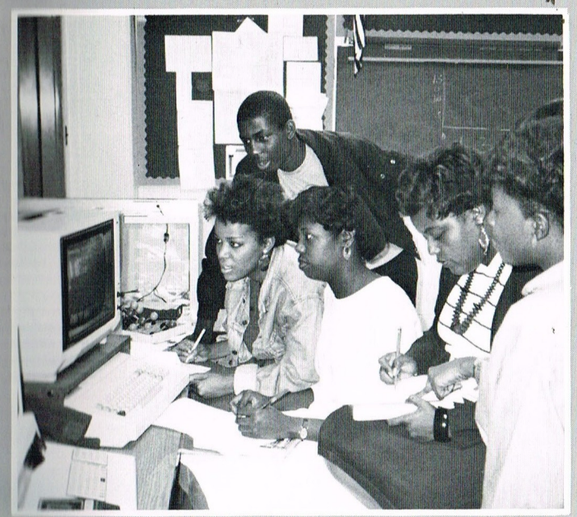

Business Education provides for the development of knowledge and skills that will permit students to manage their personal business affairs and to resolve economic problems. Courses are offered in accounting, shorthand and typing.

VOE includes keyboarding, building of advanced typing skills in speed, and production and computer skills. The ability to recognize when and how to use word processing and to meet organizational needs is further developed as an integral part of the program.

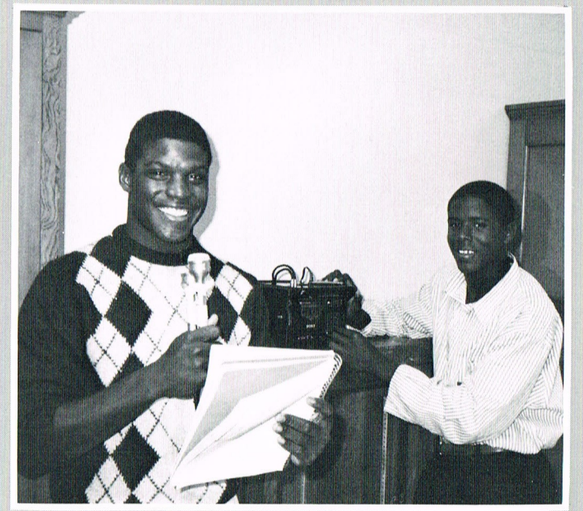

Computers

The history of computers, basic programming language, applications and logical problem solving techniques are emphasized in the beginning course.

Basic II provides the student with an opportunity to refine and expand skills in processing, word processing, spread-sheet, graphics, and data base are implemented.

Broadcasting

The Broadcasting class at Melrose, known as Broadcast Orientation, is an introduction to radio/television broadcasting, with emphasis placed upon the history and development of the broadcasting industry. Students who possess a desire to understand the world of broadcasting communication learn what it is, how it works, and how it interacts with society. The students are also drilled on the rules of the media world and how important fairness and truthfulness are in reporting.

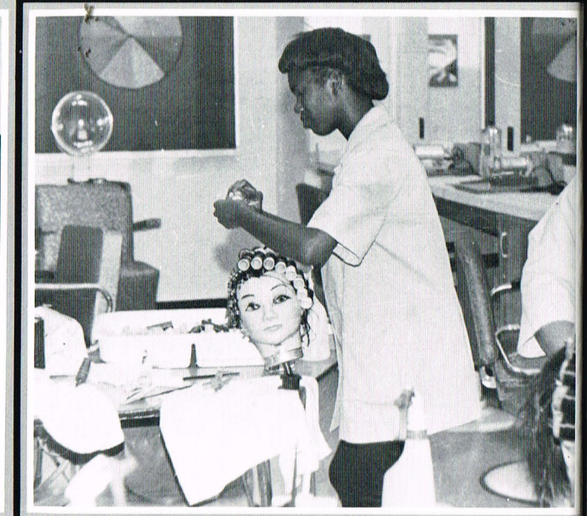

Electronics

Electricity is a course that offers instruction in safety, shop process, electrical devices, magnetism and DC/AC electrical theory.

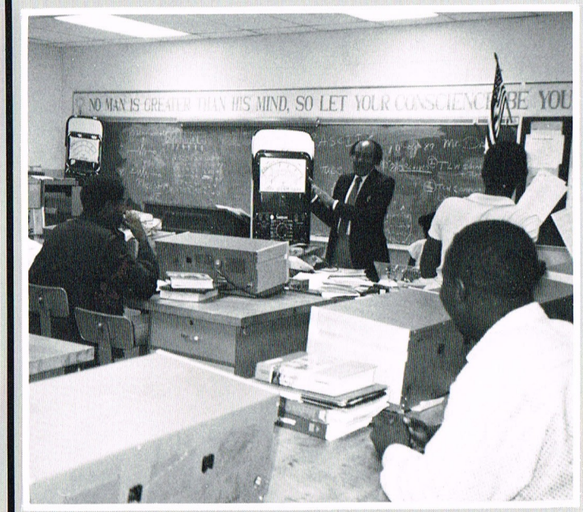

In Electronics, students are instructed in DC/AC electricity, semi-conductor and vacuum tube devices, and basic electronic circuits. In both courses, students gain experience for a number of jobs in the field of electricity and electronics.

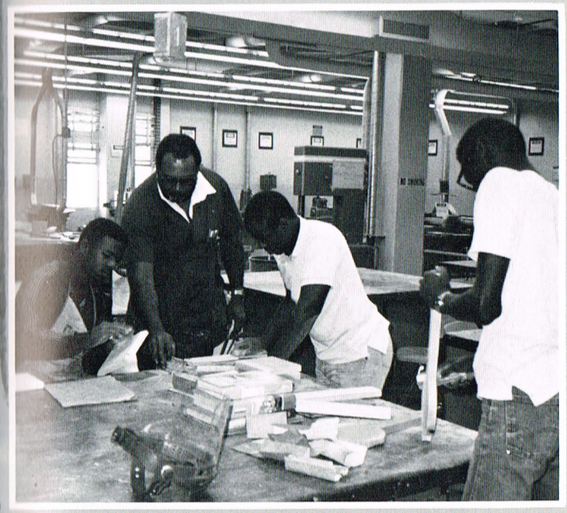

Cosmetology

The art of cosmetology refers to the actual performance of the many beauty culture practices. It varies with the degree of skills developed by the licensed cosmetologist. The Melrose Cosmetology Department offers training for a lifetime career in one of the world's largest and most respected industries, Cosmetology.

Cabinet And Fixtures

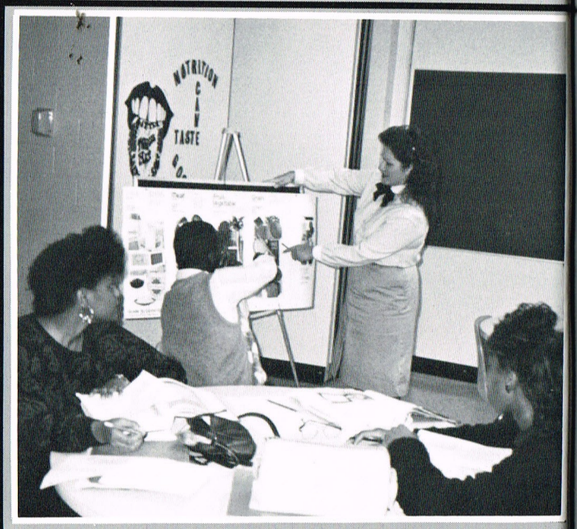

The Cabinetmaking Department at Melrose High school places great emphasis on wood as an essential part of our everyday lives. Students gain skills through the use of many tools and machines, and they learn to appreciate "good design." The students learn the many different uses of wood and they are able to put their ideas into use by making their own personal projects. The students' experience in the cabinetmaking class will eventually help them if they pursue a career in cabinetmaking or woodworking.

Textiles And Apparels

In the Textiles and Apparels class at Melrose, students are taught the importance of textiles in everyday life. They are taught how to care for textile products, how to construct clothing as well as how to make alterations, and are given an overview of jobs available in the textile industry.

Foods And Nutrition

The Foods and Nutrition classes at Melrose are involved in learning basic nutritional knowledge and food use and preparation. Students are divided into small groups where they are able to practice their cooking skills with force, and are beneficial for personal use as well. The students in the class are members of the FHA and participate in sponsored activities.

Foods Management

This course is designed to help students acquire knowledge and skills for entry level jobs in the food service industry. In-depth instruction is given in quantity food preparation and management. The students operate a restaurant that serves the Melrose faculty.

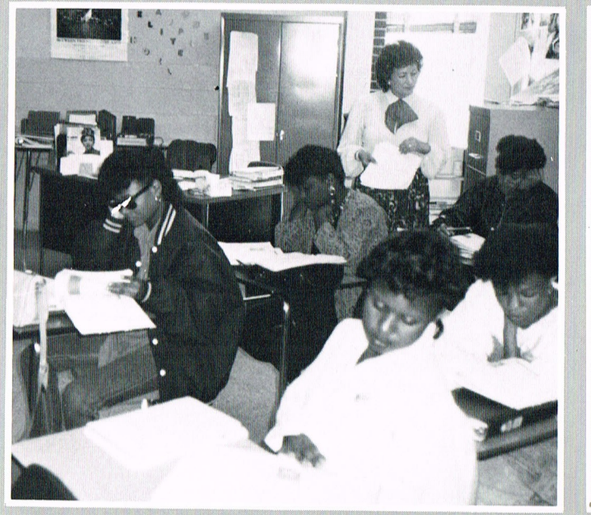

Child Care Services

Child Care Services is a class in which students learn the basic skills needed to work at a day care center or a preschool facility. The students, mostly girls, learn how to tutor preschoolers on various activities including identifying objects and counting. The preschoolers attend the class four days a week beginning in September of each school year. Child Care Services is a two-year course in which the students earn two credits each year.

French/Spanish

French and Spanish are the foreign language courses offered at Melrose. Both courses involve the study of the fundamentals of the language through vocabulary, grammar structure, and pronunciation. Students are also introduced to the culture of the countries where the language is spoken.

Health And Physical Education

Health is a course which reinforces the importance of the mental, personal, and nutritional aspects of individual well-being. The course stresses the effects of environment, disease, substance abuse upon one's body, and also provides instruction in the anatomy and physiology of the human body.

The Physical Education program provides activities for students in team sports, track and field, fitness and conditioning, rhythms, and gymnastics.

Horticulture

Horticulture is the science of producing and using ornamental plants, fruits, and vegetables for various purposes. The course offers an introduction to numerous Horticulture careers, job preparations, greenhouse systems/operations, plant pests, and plant diseases.

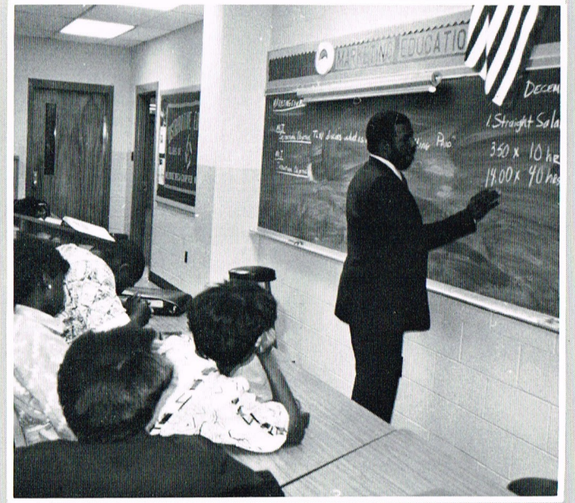

Language Arts

All Language Arts courses are designed to help students master essential skills in reading, speaking, and writing. Grammar, composition, and vocabulary instruction are all emphasized. Emphasis is also placed on the writing process beginning with experience-based writing and moving into formal compositions that include reports and research papers. Literature is studies in more depth as the student enters the eleventh and twelfth grades.

Marketing

Marketing/Distributing Education is a course designed for high school students with a career interest in the area of marketing, merchandising management and distribution. Classroom instruction enables the students to gain a basic understanding of marketing techniques and career opportunities. Activities include field trips, guest speakers, competitive events, projects, and student research based on the individual's occupational goal.

Mathematics

All mathematic courses are designed to meet the mathematical needs of students who require strengthening of computational skills and concepts. The curriculum provides a review of computational skills, measurement, percent, geometry, problem solving, squares and square roots, along with introductory algebra and basic and advanced consumer applications.

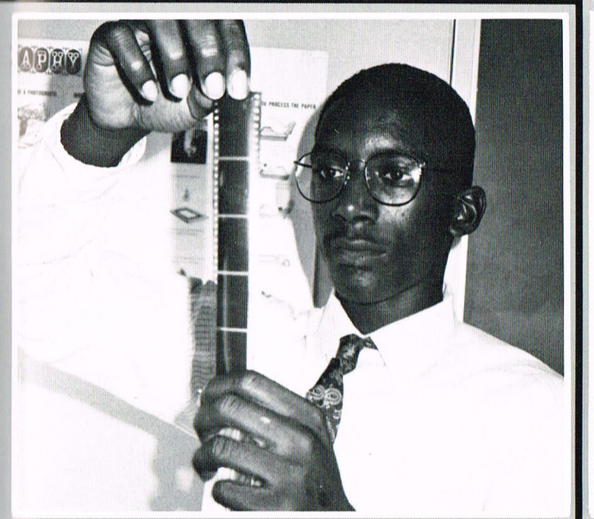

Vocal And Instrumental Music

Vocal Music introduces basic vocal production and sight singing techniques with emphasis on developing and expanding the range of the voice.

Instrumental music emphasizes the development of ensemble and solo performance skills and using these skills in expressive musical performance. Planned listening activities are programmed in developing, analyzing, and criticizing skills. Public performances and participation in festival activities are required for instrumental and vocal music students.

Photography

This course is designed to introduce students to photographic history, equipment, chemicals, shooting and processing techniques, and essential elements of the photography world. Students gain hands-on experience by shooting action, group, and portrait photographs using black and white film, as well as color. Emphasis is placed on special photographic projects, darkroom techniques, and entrepreneurship.

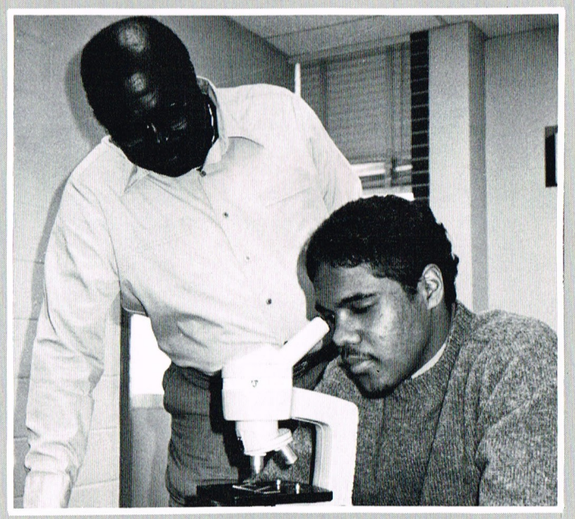

Social Studies

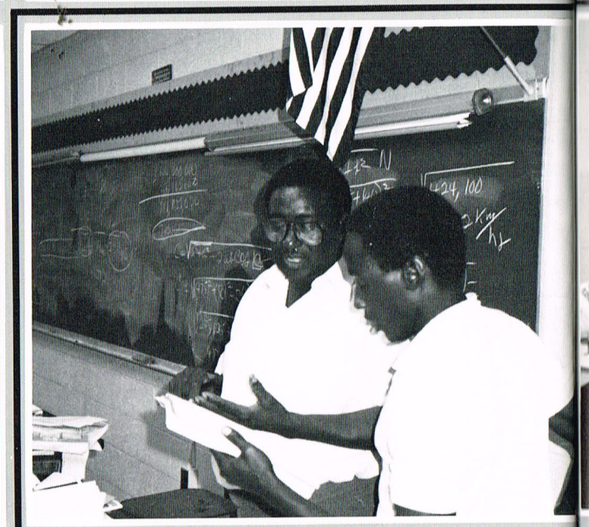

Social Studies, which includes various courses, is the study of social relationships — past and present. The Social Studies courses offered at Melrose are Civics, American History, Practical law, Economics, Contemporary Issues, World History, Sociology, and American Government. The main objective of the Social Studies program is to prepare active citizens to function well in a multi-cultural, highly technological society, where politics play an important role in our everyday lives.

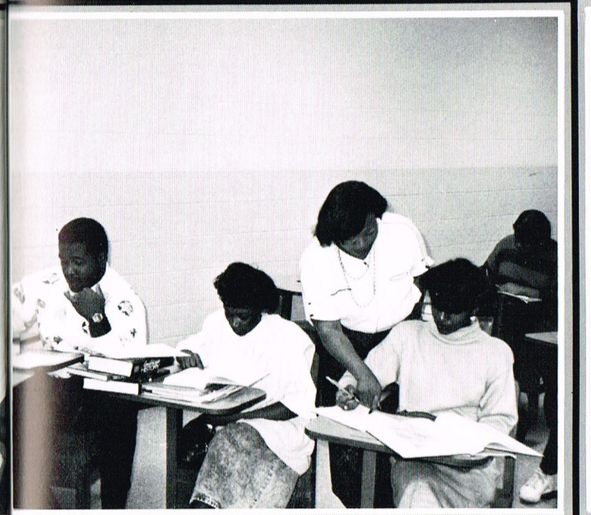

Advanced Placement Biology

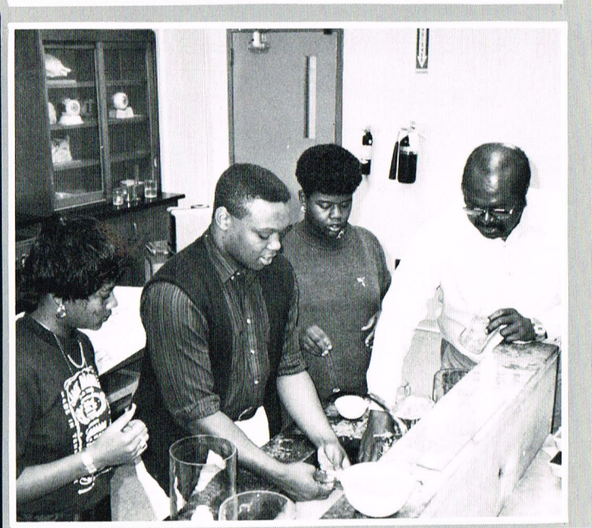

The A.P. Biology course offers advanced instruction in the study of living things — their structure, function, and interaction with the environment. Emphasis is placed on the use of the scientific process through laboratory, library, and field experiences.

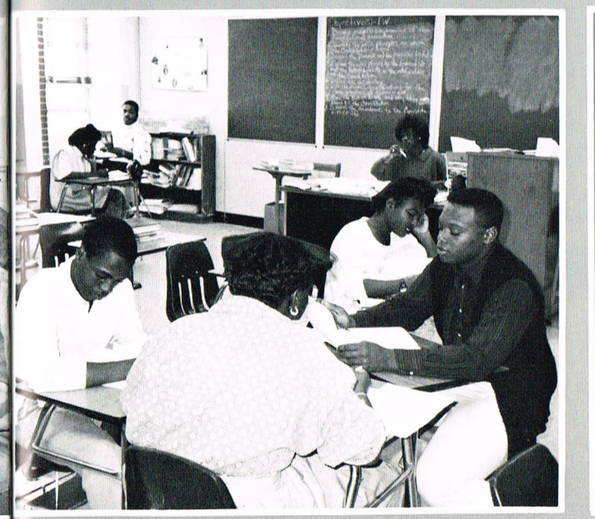

Science

Science involves the study of the classification, structure, patterns, and changes in matter and the relationship between matter and energy. Every aspect of science has studied and investigated through laboratory experiences. Experimentation and guided reasoning develops the process of scientific inquiry by students and enables them to interpret scientific knowledge. Practical applications and career opportunities are emphasized.

Advanced Placement English/ Advanced Placement History

In the A.P. English program at Melrose, students are involved in the study and practice of writing and the in-depth study of literature. Through speaking, listening, reading, and basically through the experience of their own writing, students become aware of the many resources of language.

Students who study intensely with an emphasis on research and interpretation enroll in the Advanced Placement History Class. The class is small and each student is expected to participate in daily classroom discussions. A college textbook is used and assignments and tests are on the college level.

Home Away From Home

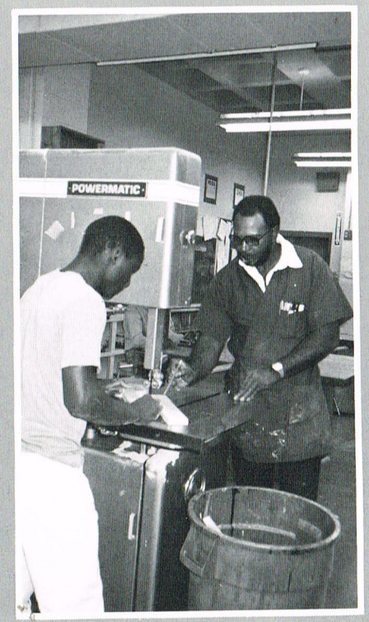

At 7:30 a.m. we begin to enter the doors. The cafeteria workers are busy preparing the morning breakfast like aunts and grandmothers during a family gathering. Mr. Bridges enters the school like a father ready to attend to the needs of his children. When classes are in session, each teacher has that special parental touch that urges the students to learn more. Their special interest in us makes us eager to follow our motto, "We serve with pride and humility." The administrative staff and guidance department serve as grandparents who are there to offer their helpful advice when our teachers are involved with other responsibilities.

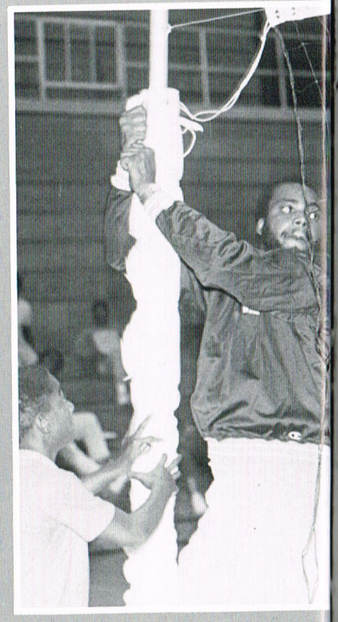

After the day has ended the teachers advise us to be safe and take care until we meet again. These are ways in which our school is "HOME AWAY FROM HOME."

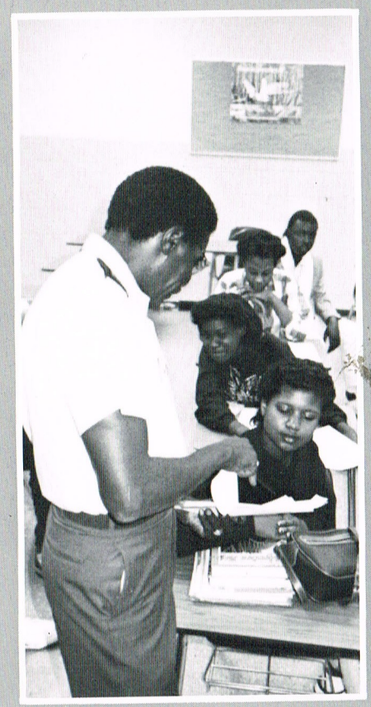

by Stella Woodley

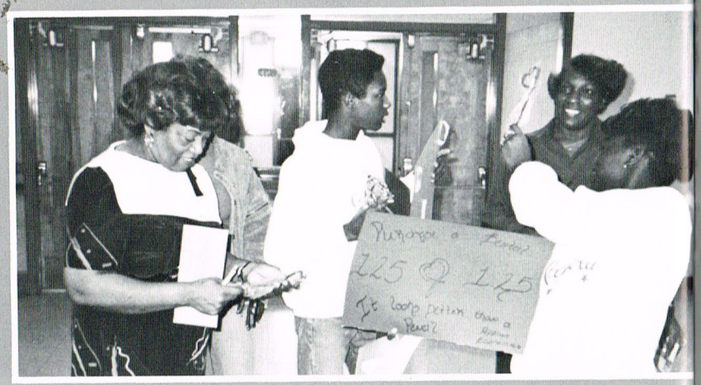

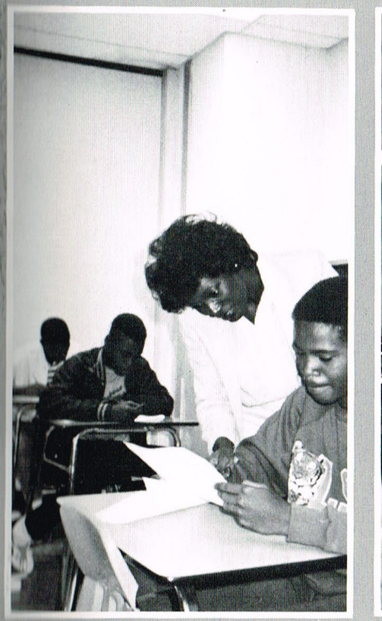

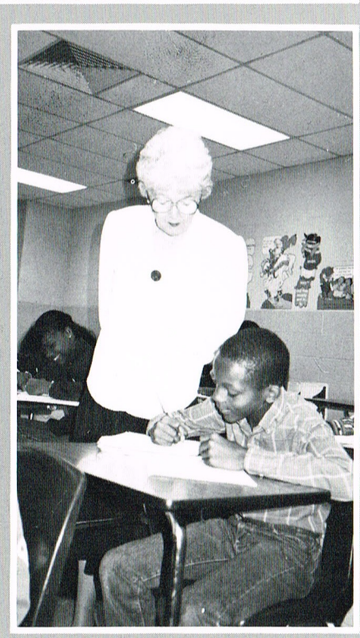

Just Because They Care

Just because they care,
they are always there.
To help in any way they
can, just to be a
friend.
They are willing to lend
a helping hand, they
understand.

Never regretting any-
thing they have done,
but are satisfied to
see us happy, and
having fun.
They are there to edu-
cate, congratulate, and
appreciate the parents
of tomorrow.
They are there to wipe
away all of our sorrows.

The teachers of Melrose
are unlike other
teachers.
They are like doctors,
lawyers, counselors,
and preachers.
They understand the pro-
blems we must face;
they are there for us
in any case.
Whether personal, or
educational problems,
the teachers of Melrose
will help us solve them.

You've Got The Look

Fashion is "the word" in the Wildcats' den. We dress to impress. '87-'88 is the year of high fashionable trends.

If there's really something you want to catch a guy's eye in, wear your acid washed Guess jeans or maybe a Guess overall jumpsuit with one shoulder out, a long sleeve turtle neck shirt, and your Aigner boots. Oh, don't forget your Gucci purse — that's where the pen and paper is.

For a cool guy who wants a sophisticated girl, wear your Bill Blass suit, Pierre Cardin tie, and sport your Alisassdor shoes with a Louis Vitton briefcase and Lagerfield Cologne. You may even turn a teacher's head.

But just follow your natural instinct. No trend is a good trend if it's not for you.

So you just chill like "L L Cool J" in your Adidas sweat suit and your Fila tennis shoes — that's cool too because beauty of fashion lies in the eyes of the person who wears it.

by Catherine Holloway

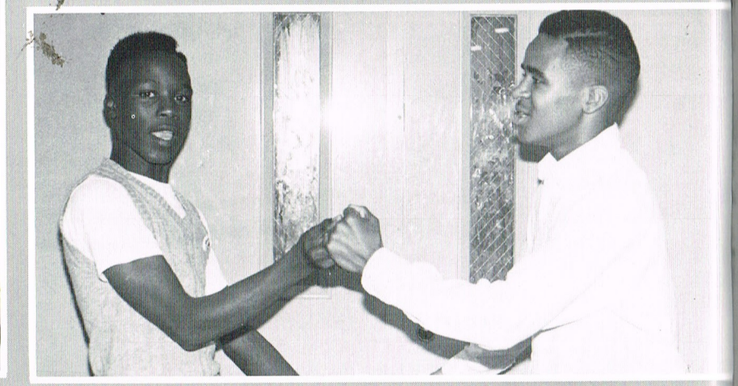

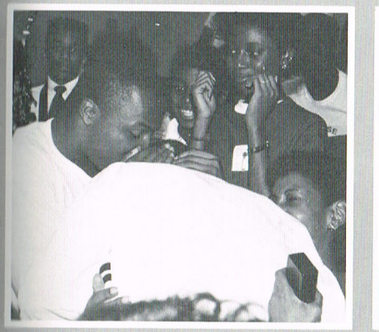

True Friends

TRUE FRIENDS

Friends are there to help
when you are in need.
They are always willing to
turn a good deed,
To help as much as they
can along the way —
Never regretting or having
anything bad to say
About the good things
they might have done.
They help their friends to
be happy, joyful and
have fun.
Real friends are something
money can't buy.
They don't cheat, steal,
deceive you or lie.
You can depend on
anything they say,
For true friends wouldn't
have it any other way.
They will bend over
backwards to try to help
you.
They will learn to love,
respect and accept you,
No matter what you have
or who you are.
This person is really a true
friend, by far.
They will stand by you
until the end.
This is how I classify a
truly, sincere friend.

Melrose pins 19-6 defeat on Howard

By Richard Goins
The Chattanooga Times

A halftime defensive adjustment and touchdown runs of 46 and 53 yards by Kevin Pratcher powered Memphis Melrose to a 19-6 high school football victory over Howard Friday night.

Pratcher, a fullback, put together his second straight 155-yard rushing game as the Golden Wildcats raised their record to 2-0. He had 24 carries against Howard and 20 in last week's 6-2 victory over Memphis Northside. The Hustlin' Tigers, defeated by Knoxville Austin-East last week, finished with a minus-66 yards rushing.

At the half, it was different.

After a scoreless first quarter, Memphis Melrose struck for a 6-0 lead on Pratcher's 46-yard touchdown run with 7:01 to go in the half. The Hustlin' Tigers defense accounted for Howard's points when defensive back Claude Davis scooped up one of five Melrose fumbles and returned it 15 yards to tie the game with one minute to go.

Despite the game being tied, Melrose Coach Jimmy Williams said he was confident of his Wildcats' chances.

"We can move the football on you," he said. "But we have to keep our hands on the ball."

Wildcats defensive coordinator Daniel Cooperman found the hands — in the Melrose defensive line.

The Golden Wildcat defenders sacked Tiger quarterback Marcus Brown six times, — four coming in the second half as Melrose limited the Tigers to four first downs — three passing and another by penalty. The Golden Wildcats rolled up 16 first downs.

"We knew we could slow Howard down if we contained the quarterback," Cooperman said. "We didn't contain him in the first half. At halftime, we told our players to get after him."

Brown, harassed by Wildcats Reginald Matthews, Drexel Milton and Kevin McMickens throughout the night, said, "I know that's right."

The score could have been much worse. Melrose fumbled the ball away at its 13, setting up the Tigers' only score, and at the Howard 1 with 7:21 to go.

Melrose's running attack of Pratcher and Marquette Bogan, who had 80 yards rushing and a two-yard touchdown run, found plenty of gaps to run through.

"We didn't need to give up any more fumbles, so we wanted to pound the football down the field," Williams said.

Melrose defeats Chiefs

Wildcats play spoilers' role

By Pete Wickham
Staff Reporter

Melrose helped itself as much as it could last night. But the Craigmont team the Golden Wildcats whipped, 21-6, at Raleigh-Egypt is the only one who can help itself into the playoffs.

"It's funny how that works out," said coach Jimmy Williams of Melrose (7-2, 5-2 in District 15-AAA) whose team ended its season last night with a 376-yard offensive effort, paced by Kevin Pratcher's 166 rushing yards.

"We had our chance and couldn't get past Whitehaven," said quarterback Ron Davis, who threw for 104 yards and a score. "But no matter what happens, we've had a good season."

Craigmont (7-2, 4-2) has one chance to get back into the race for the runner-up spot in the district. But to get that, the Chiefs must beat Hamilton at Crump.

"We couldn't get by Whitehaven either," said coach Bill Pruitt of Craigmont. "But tonight we couldn't get by the homecoming dance either. That wasn't really us out there."

Whitehaven clinched the district title last night with a 22-0 win over Northside.

Outside of senior Carlos Thomas, who rushed 23 times for 142 yards and the Chiefs' only touchdown in the final two minutes, Craigmont had little to show for the evening.

STAR GAZING

Last week's starring performances by Shelby County prep football players.

David Chambers, Melrose

A 6-2, 240-pound senior tackle, Chambers had 14 tackles, including four quarterback sacks, in Melrose's 19-6 win over Chattanooga Howard. His sack of the Howard quarterback at the Melrose 10 sealed the Melrose victory.

Ron Davis, Melrose

Operating at quarterback, Davis helped fuel Melrose's 452 yards in total offense in the Golden Wildcats' 43-0 win over Kingsbury. A 5-10, 185-pound senior, he passed for 147 yards, ran for 50 yards and scored three touchdowns. Kevin Pratcher took 29 handoffs from Davis for 209 yards and two touchdowns.

Reginald Matthews, Melrose

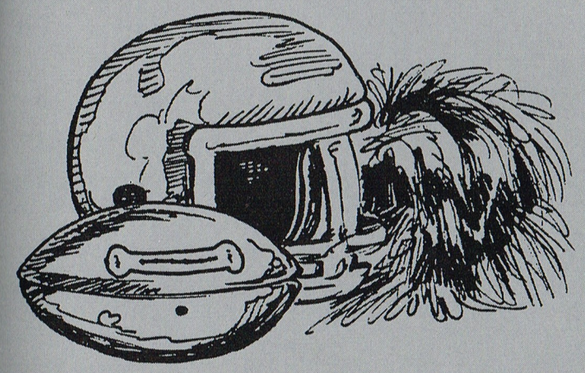

A 6-2, 255-pound senior linebacker, Matthews was in on 10 solo tackles, two assists and blocked a Raleigh-Egypt field goal attempt with 18 seconds left to seal the Wildcats' 13-12 victory.

Kevin Pratcher, Melrose

Making Star Gazing for the third week in a row, Pratcher carried 24 times for 237 yards and scored twice in 24-6 win over Mitchell. He is a 5-9, 175-pound junior fullback.

'88 Was Great!

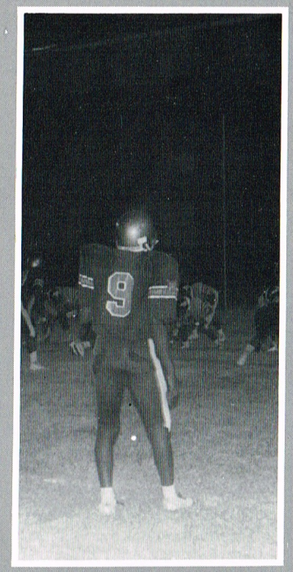

The 1987-88 Golden Wildcats ended a great season with a 7-2 record. This was a dramatic turn around from last year's 3-7 record.

During practice sessions, our coaches instilled in us the importance of working as a team, keeping positive attitudes, concentrating and striving for excellence. The veterans on the squad, our seniors, encouraged and helped the new players to have more self-confidence, to play as hard as they could, and to do everything in their power to be the "Best".

After many long hours of hard work, day and night, constant motivation and patience, head coach Jimmy Williams, assistant coaches Daniel Cooperwood, William Ward, and Samuel Pickle produced one of the finest teams in the district.

Each year students across the state of Tennessee are presented with a law problem involving a current sensitive issue that in some manner touches their lives or the lives of people they know. With the help of attorneys and law students, the mock trial teams develop their cases, instruct their witnesses and prepare for trial. Team members portray attorneys and witnesses. The cases are tried in actual courtrooms before bona fide judges, with attorneys scoring the teams to determine which team advanced to the next round of the competition.

In the past 5 years Melrose's team has been in the city finals twice, has been "City Champion", and has been "State Runner-Up". We are extremely proud of these dedicated young people who have served their school with pride and humility.

TENSION WAS HIGH! Our organization, Knowledge Bowl Participants, had worked hard for weeks studying facts, figures, dates, philosophies, history, etc., in the hopes of dashing the competition, Christian Brothers High School, on December 5 at the Channel 3 television program Knowledge Bowl. The moment had arrived! Once into the television studio, we realized it was only a game; but our participants remained dedicated an alert. Yes, the competition won; however, Melrose Knowledge Bowl Participants had fared well. It was an experience to remember! We're eagerly looking forward to fall 1988 for our second chance to win and to taste from the Knowledge Bowl.

In Memoriam

There is but one step between time and eternity. Life begins and life ends, but the realities of life come with joys of the morning — serving one's fellow man, teaching principles, the laughter of children, the joy of sharing and caring, a kiss, love and being loved in return. Then one lies down to peaceful slumber and sleeps. Rest peacefully —
Thomas R. Lamar.

TODAY

With words that speak in deepest praise,
I thank God for His loving ways;
For strength of body, limb, and mind,
The joy in doing what I find.
I thank God for my home and friends,
And other blessings that He sends.
I may not see with perfect eyes,
But each new day holds glad surprise!
I thank God for what comes to me,
And trust Him more — what is to be.

"May All Your Dreams Become Realities"

LaVaughn Bridges
Principal

Editor's Message

Working on the annual staff has been a rewarding experience and a tremendous challenge. The annual staff has provided an opportunity to test our creativity.

Our "88" masterpiece would not have been a success without our highly motivated and overwhelmingly dedicated annual staff.

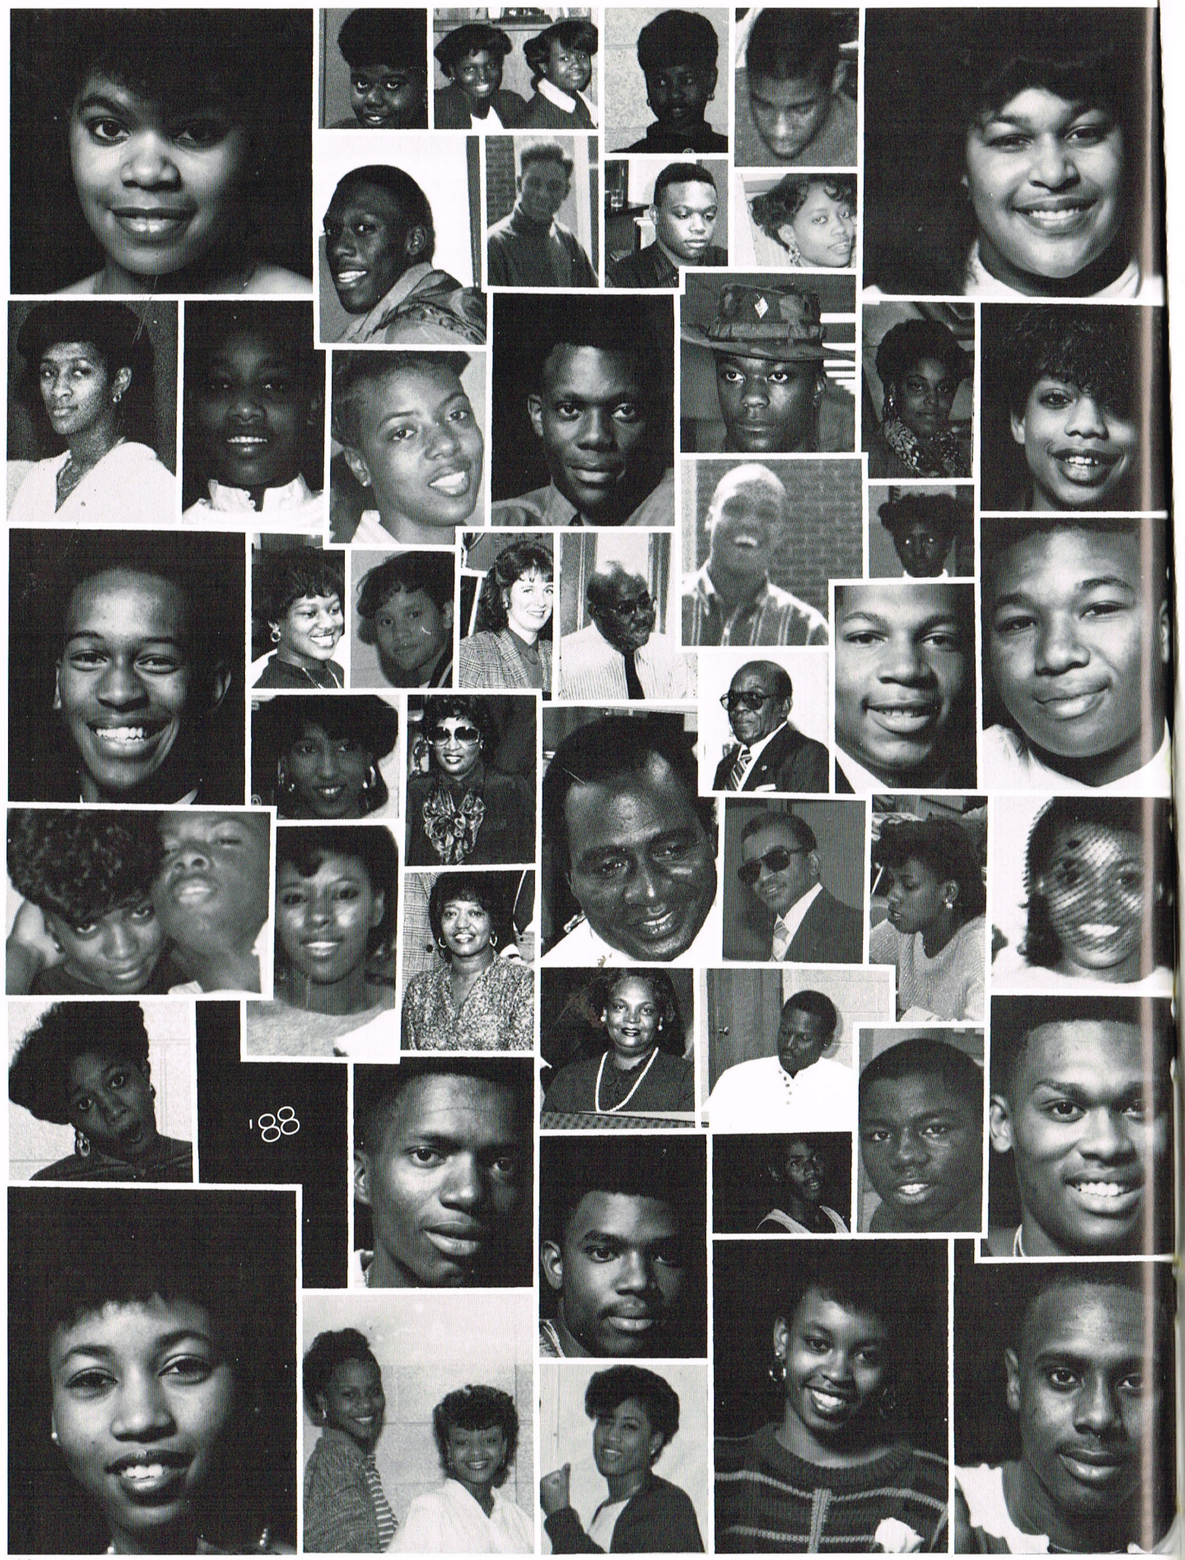

A very special "thanks" to our sponsors Mrs. Billie Crawford and Mrs. Anne Suitor for their persistent encouragement and guidance. With their assistance and patience, we, the annual staff, completed our masterpiece, the 1988 "Golden Wildcat."

To the class of 1988 — you are only a step away from making your dreams a reality — Begin walking!

Catherine L. Holloway
